TERMS-Three Dollars a year in advance

THE AGRICULTURAL FAIR.

We again call the attention of our friends to the Fair to be held here next week. We hope there will be a large attendance of visitors. Let the b tizens of Abbeville turn out en masse and make it a great success. The Executive Committee have done their duty, and deserve to be encouraged. We have reason to believe the number of articles on exhibition will be large and worthy of the character and iutelligence of our people. We again call upon our citizens to become anhual members of the Society-the price is only Two Dollars. They will bear in mind that membership gives the privilege of entry as well as the right to exhibit all articles free of

Life Membership entitles a member and his wife to entry to Fair Grounds during the week.

Perpetual Membership entitles the member, wife and minor children. Our friends wll please remember that those not members must pay One Dollar on each article exhibited. This is necessary in order to raise means to pay for premiums and other expenses. Cotton is now bringing a good price, let every body come up and have a good time. All articles for exhibition must be

entered on Monday or before 10 o'clock, Tuesday morning. The Fair will commence at 10 o'clock, Tuesday morning. Tickets of admission can be procured at the stores at Abbewife C. H., and our friends are advised to get them before going to the Grounds as we expect there will be such a rush as may cause inconvenience and delay to those not provided with tickets. A competent police in necessary arrangements.

GOV. SCOTT APPREHENSIVE .-- A special dispatch to the Charleston Paul T. Haskell, News, dated Washington, October 24,

The Secretary of War has received dispatch asking for the assistance of the Government in repressing disorder in South Carolina. Governor Scott says that the Reformers, whom he calls "rebels," had become excited over the recent meetings in the State, and that a large body of men, armed to the teeth, were marching on Laurensville. Governor Scott says that Governor, Lieutenant Governor, and the object of the rebels was to attack Laurensville, and he added that they were destroying the ballot boxes on the way for the purpose of preven-
